***Allowable Subject Matter***

1. Claims 1-15 are allowed. The following is an examiner's statement of reasons for allowance: The combination of elements in the claims were not found in a prior art search nor considered obvious by the Examiner. In particular calculating the vertical angle and curvature radius of a road circumference in order to calculate the actual distance from the vehicle to a target was not found. The prior art of record uses radar for acquiring the distance and uses known or given road information as well as the speed of the vehicle to monitor the road and calculate stopping distances not necessarily distance to the target.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles E Parsons whose telephone number is 703-305-3862. The examiner can normally be reached on M-TH 7AM to 5 PM.
